WELCOME

Dear friends & colleagues,

On the behalf of the **Egyptian Group of Laparoendoscopic Surgeons**, I would like to invite you to the **10th Annual Conference** to be held from 20th – 21st December, 2012 at **Tiba Rose Hotel**, Nasr City, Cairo

This year, we celebrate the 10th Anniversary of our group's meeting by preparing a distinguished scientific program including all field experts. The Scientific Program will include state of the art lectures, oral presentations, panels and video sessions. International experts in fields of interest have been invited to share their knowledge and experience with attendees. A wide selection of sponsorship opportunities has been prepared for all potentials.

I would like to invite our partners from the pharmaceutical and medical equipment industries to participate and support our conference as a further step in the cooperation between the group and the companies which aims at developing the field of laparoscopic surgery in Egypt.

It will be our main challenge to all participants to make of this event something more than a 'Classical Congress'. You are promised to have an inspiring and rich professional and social program as well as a separate leisure time.

Sincerely yours,
Nabil Gad El Hak
Conference President
