

Dear Colleagues,

On behalf of Chinese Federation of Innovation in Colorectal Disease(CFICD) and Beijing Shijitan Hospital, Capital Medical University, I look forward to welcoming you to the 1st China International Innovation in Colorectal Disease Symposium(CICS), April 12-14, 2013 in National Convention Center, Beijing, China.

One of the principal aims of CFICD is foster innovations in coloproctology by encouraging the exchange of information and the collaboration between colorectal surgeons, researchers and facility producers. As a new member of International Council of Coloproctology(ICCP), CFICD will cooperate with ICCP and its members worldwide in the development of international colorectal activities in China.

The aim of CICS 2013 Beijing is to deliver latest developments and technologies of colorectal surgery to the attendees. Sharing together, Innovating together and winning together among colorectal surgeons, general surgeons, oncological surgeons, GI physicians, urogynecologists, pathologists, researchers and technicians in coloproctology will be emphasized in this symposium.

To meet these goals, CICS 2013 Beijing will showcase cutting edge presentations on recent developments in clinical and practical aspects in Colorectal Surgery by experts in the field. A multitude of sessions, panels, case-presentations and problem-based discussions will provide both intensive learning and direct interaction with faculty. A poster presentations competition on broad spectrum of colorectal surgery will give all attendees the opportunity to communicate one another.

We warmly invite you to join us and participate in CICS 2013 Beijing. Beijing, the capital city of China, is a historical and cultural city with world famous sightseeing spots, such as the Great Wall, Forbidden City, Temple of Heaven and Summer Palace. CICS 2013 Beijing is a wonderful stage for all our international colleagues to earn respect and a bridge for you to enter China. You will meet new friends from around China and the world, make lasting academic friendships, and explore the unique beauty and exotic charms of historical Beijing.

On behalf of the CICS 2013 Beijing Organization Committee,

Yours sincerely,

Cheng-Hua Luo, M.D., Ph.D., FASCRS
President of CFICD and CICS 2013
