	Award Ceremony
	Day Concludes

Conference schedule is subject to change. Workshops and Symposia slots are available. To book slot for Workshop and Symposium send us the proposal.

Explore Rome

Rome is a city and special commune in Italy. Rome is the capital of Italy and also of the homonymous province and of the region of Lazio. With 2.7 million residents in 1,285.3 km² (496.3 sq. mi), it is also the country's largest and most populated commune and fourth-most populous city in the European Union by population within city limits. Rome is the only city in the world to contain in its interior a whole state; the enclave of Vatican City. Rome has a status of the global city. Rome was the 11th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. The city is one of Europe's and the world's most successful city "brands", both in terms of reputation and assets. Its historic centre is listed by UNESCO as a World Heritage Site. Monuments and museums such as the Vatican Museums and the Colosseum are among the world's most visited tourist destinations with both locations receiving millions of tourists a year.
