

7th

DILEMMAS & DEBATES IN COLORECTAL SURGERY CONFERENCE

PROVISIONAL PROGRAMME

WHEN

14-18th December 2019

WHERE

Bush House, Kings College London
London, WC2R 2LS, UK

THEME

SURGICAL INNOVATIONS

FEATURING • Debate Sessions • In-depth Discussions • Factual Colorectal Lecture Presentation • Great Sessions on Rectal Cancer, Natural Orifice Specimen Extraction Surgery etc. • How I Do It & Live Operating Session • Great Networking Occasion • And Much More!

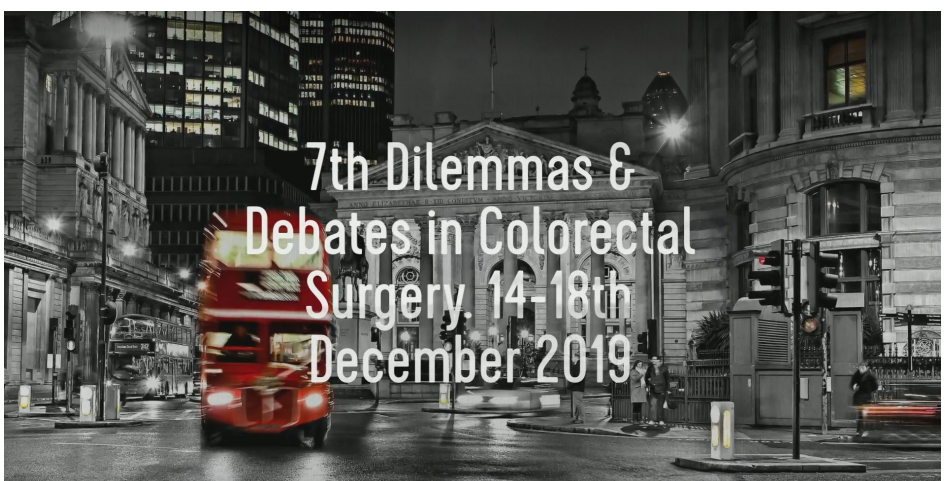

SUBMIT A PAPER OR VIDEO PRESENTATION

EXTENDED DEADLINE 7TH OCTOBER 2019

ADVANCED COURSES & MASTERCLASSES

• Advanced Laparoscopic & Robotic Skills Course • taTME Masterclass, Proctology Masterclass • Pelvic Floor Anophysiology Assessments and Imaging Course • Complex Abdominal Wall Reconstruction Masterclass

COLLEGE LONDON, LONDON, WC2R 2LS, UK

taTME MASTERCLASS

SUNDAY 15TH DECEMBER 2019

13:00 – 13:45 REGISTRATION

13:45 – 14:00 WELCOME – Joseph Nunoo-Mensah & Narimantas Samalavicius

SESSION I - Moderators: Joseph Nunoo-Mensah & Narimantas Samalavicius

14:00 - 14:15 Setting-up Your Practice for Success: (set-up, patient selection, common mistakes) – Joep Knol, Hasselt, Belgium

14:15 - 14:30 taTME – anatomy of the TaTME approach - Sherief Shawki, Cleveland, USA

14:30 - 14:45 Finding the correct plane of dissection - Phillippe Roannet, Montpellier, France

14:45 - 15:00 Anastomotic techniques with taTME - Joep Knol, Hasselt, Belgium

15:00 - 15:30 Questions

15:30 - 16:00 Coffee Break

SESSION II - Moderators: Philip F. Caushaj & Pasquale Giordano

16:00 - 16:15 taTME approach beyond rectal cancer - Sherief Shawki, Cleveland, USA

16:15 - 16:30 taTME International Registry-Updates on Global Outcomes, Complications and Functional Data. Sherief Shawki, Cleveland, USA

16:30 - 16:45 Intraoperative Mishaps and Get out Trouble Strategies - Phillippe Roannet, Montpellier, France

16:45 - 17:00 taTME Training and Learning Curve - Joep Knol, Hasselt, Belgium

SESSION III - Moderators: Philip F. Caushaj & Joseph Nunoo-Mensah

17:00 - 17:30 Round Table Session - Controversies with taTME. A debate & discussions with the experts – Panel Joep Knol, Sherief Shawki & Phillippe Roannet

17:30 - FINISH

REGISTRATION FEES

Early Bird Workshop Fee to 7th October 2019.

Consultant application £59.50. Non-Consultant Application £45.00

7TH DDCRS CONGRESS MEETING

16-17TH DECEMBER 2019

07:30 - 08:15 REGISTRATION & COFFEE

08:15 - 08:30 WELCOME

08:30 - 09:45 RECTAL CANCER SESSION

- Recent advances in the prevention and management of perianastomotic leakage after rectal cancer surgery - Antonio Longo, Sicily, Italy
- Is it really unresectable? Where is the limit? Management of advanced and recurrent colorectal cancer – Paris Tekkis, UK, London
- Exfoliated cancer cells during rectal cancer surgery. Kotaro Maeda, Japan
- Treatment approaches to locally advanced rectal cancer without pelvic irradiation - Antoine Brouquet, France
- taTME - all about a standardized approach - Joep Knol, Hasselt, Belgium
- Transanal colonic pull-through and delayed coloanal anastomotic (DCAA) in a difficult a failed anastomosis - Jean-Jacques Tuech, Rouen, France

09:45 - 10:05 STATE OF THE ART LECTURE

TME rectal cancer surgery. What's the way forward? RCT's evidence or what we are personally good? Quentin Denost, Bordeaux, France

10:05 - 10:30 PANEL DISCUSSION FOR RECTAL CANCER SESSION – All the rectal cancer session speakers

10:30 - 11:00 COFFEE BREAK

11:00 - 12:30 DEBATE SESSION I (30mins each topic - 10 mins talk x2 + 10min debates)

- Faecal immunochemical test (FIT) for symptomatic patient - Is this the best way forward to excluding cancer and rationalizing our resources? Guy Chung-Faye London UK, (For) vrs Francis Seow-Choen, Singapore (Against)
- Complete mesocolonic excision (CME) - a must in cancer surgery - Hermann Kessler, USA (For) vrs Nasser Alsanea, Riyadh, Saudi Arabia (Against)
- Obstructive colorectal cancer: is diversion the best option or just an option? Daria Wasowicz, Tilburg, the Netherlands (Against decompression/stenting) vrs Pamela Buchwald, Lund, Sweden (For decompression/stenting)

12:30 – 14:00 LUNCH

14:00 – 15:15 NATURAL ORIFICE SPECIMEN EXTRACTION IN COLORECTAL SURGERY

- NOSE surgery definition and setup, you're self-up for this, patient selection - Joaquim Costa Pereira, Braga, Portugal
- How I do it - NOSE Procedure "The Portuguese Way" - Joaquim Costa Pereira, Braga, Portugal
- How I do it - NOSE Procedure "The Chinese Way" - tbc
- How I do it - NOSE Procedure "The French Way" - Phillippe Roannet, Montpellier, France
- Natural orifice specimen extraction in laparoscopic colorectal surgery: transvaginal approaches – tbc
- NOSES - Update if the Chinese Registry - tbc
- Critical appraisal of NOSES - Joseph Nunoo-Mensah. London, UK

15:15 - 15:35 PANEL DISCUSSION NOSES

15:35 - 16:00 GRECCAR RESEARCH 2019 UPDATE

- Medico-economic study for Robotic TME - Phillippe Roannet, Montpellier, France
- Long term results of conservative surgery for ultra-low rectal tumor (GRECCAR 1) and locally advanced tumor (GRECCAR 4) - Phillippe Roannet, Montpellier, France

16:35 - 16:55 2020 STATE OF THE ART LECTURE II

Update of the genetics of colorectal cancer - Guy Chung-Faye London UK

16:55 - 17:45 CONSULTANTS CORNER 'RECTAL CANCER'

TUESDAY 17TH DECEMBER 2019

08:00 - 11:00 HOW I DO IT SESSION & LIVE SURGERY

- Potential live cases: VAAFT/EPsiT
- Potential live case: NOSES rectosigmoid resection of diverticular disease
- Other short 'How I do it video presentations' (approximately 6)

11:00 - 11:30 COFFEE BREAK

11:30 - 12:30 DEBATE SESSION II (30mins each topic - 10 mins talk x2 + 10min debates)

- Laparoscopic Lavage in Acute Diverticulitis - There is still a place for this procedure? Ronan O'Connell, Dublin, Ireland (For) vrs Pascal Gervaz, Geneva, Switzerland (Against)
- Bowel preparation. Is a clean colon a better colon? Evangelos Xynos, Crete, Greece (For) vrs Dieter Hansloser, Zurich, Switzerland (Against)

12:30 - 14:00 LUNCH

14:00 - 15:00 SIX OF THE BEST PAPER SESSION

15:00 - 16:00 DEBATE SESSION III (30 mins each topic - 10 mins talk x2 + 10min debates)

- Do I still need to resect the colon for every complicated diverticulitis after an acute resolved episode? Pascal Gervaz, Geneva, Switzerland (For) vrs tbc (Against)
- Acute severe colitis - Surgical intervention is the way forward? Alexandra Kent, London UK (Against) vrs Janindra Warusavitarne, London, UK (For)

16:00 - 17:00 INFLAMMATORY BOWEL DISEASE SESSION

- Crohn's Disease. The mesentery friend or foe. - Johannes Schultz, Oslo, Norway
- Luminal Crohn's disease: early resection? - Dieter Hansloser, Switzerland
- Surgical treatment of ulcerative colitis in the era of biologics: what has changed over the past decade? Hermann Kessler, Cleveland, USA
- The Continence ileostomy - A forgotten and good option for patients - Ed Westcott, London, UK

17:00 - 17:20 PANEL DISCUSSION NOSES

17:20 - 17:30 CLOSING REMARKS

17:30 - FINISH

REGISTRATION FEES (Main Conference 16-17th December 2019)

Super Early Bird Fee to 7th October 2019.

Consultant registration £232.00

Retired Surgeons, Surgical Trainees & Associate Specialist £113.00

Nurses & Allied Specialities £60.00

PROCTOLOGY MASTERCLASS
WEDNESDAY 18TH DECEMBER 2019

08.30 - 09:00 REGISTRATION

08:50 - 09:00 WELCOME - Narimantas E. Samalavicius, Klaipėda, Lithuania

SESSION 1 BASICS

09.00 - 09.15 Basics of Fistulae Session Understanding the anatomy of fistulae and differential diagnosis. Varut Lohsiriwat, Bangkok, Thailand

09.15 - 09.30 Assessment of anal fistulae with imaging – Suzanne Ryan, London, UK

09.30 - 09.45 Fistulotomy - How can you best assess the degree of sphincter involvement? Andy Williams, London, UK

09:45 - 10:00 Questions

10:00 - 11:30 SESSION II: ANAL FISTULA SURGERY - HOW I DO IT SESSION I

Collagen paste technique - Pasquale Giordano, London, UK

Advancement flap technique - tbc

LIFT procedure - Varut Lohsiriwat, Bangkok, Thailand

Fistulectomy with primary suture - Alexander Herold, Mannheim, Germany

VAAFTs for anal fistula disease - Manos Pramateftakis Thessaloniki, Greece

Are stem cells to treat Crohn's fistulas a new option? Alexander Herold, Mannheim, Germany

11:15 - 11:45 COFFEE BREAK

SESSION III: CHALLENGING ANAL CONDITIONS

11:45 - 12:00 Pruritis ani - Manos Pramateftakis Thessaloniki, Greece

12:00 - 12:15 Chronic intractable anal pain - Ronan O'Connell, Dublin, Ireland

12:15 - 12:30 Radiation proctitis - Klaipėda, Lithuania

12:30 - 12:45 AIN Disease - Audrius Dulskas, Vilnius, Lithuania

12:45 - 13:00 Foreign bodies of the rectum - Ho-Kyung Chun, Seoul, Korea

13:00 - 13:15 Questions

13:15 - 14:15 Lunch

SESSION IV: HAEMORRHOIDS

14:15 - 14:30 Understanding the anatomy of haemorrhoids, differential diagnosis - Varut Lohsiriwat, Bangkok, Thailand

14:30 - 15:45 HAEMORRHOIDECTOMY - HOW I DO IT SESSION II

Morgan Milligan 'Ligasure' haemorrhoidectomy - Manos Pramateftakis Thessaloniki, Greece

Closed (Ferguson) haemorrhoidectomy - Narimantas E. Samalavicius, Vilnius, Lithuania

THD haemorrhoid artery ligation surgery - Pasquale Giordano, London, UK

Laser haemorrhoidectomy - Joaquim Costa Pereira, Braga, Portugal

Stapled haemorrhoidectomy – Joseph Nunoo-Mensah, London, UK

15:45 - 17:00 SESSION IV 'PILONIDAL DISEASE'

EPSIT for Pilonidal Disease - Manos Pramateftakis Thessaloniki, Greece

+ 2-3 other talks tbc

17:00 - Finish

REGISTRATION FEES

Early Bird Workshop Fee to 7th October 2019.

Consultant application £115.00. Non-Consultant Application £75.00

UNDERSTANDING PELVIC FLOOR ANOPHYSIOLOGY ASSESSMENTS AND IMAGING COURSE

WEDNESDAY 18TH DECEMBER 2019

08.15 - 09:00 REGISTRATION

09:00 - 09:15 An introduction into the diagnostic armamentarium for pelvic floor disorders - Dr Mark Scott, London, UK

09:15 - 09:45 Anophysiology assessment for incontinence & constipation - Dr Mark Scott, London, UK

09:45 - 10:05 Essential anorectal and pelvic floor anatomy for understanding imaging - Peter Abrahams, London, UK

10:05 - 10:25 Techniques, principles of pelvic floor ultrasound and the normal US anatomy - Giulio A Santoro, Treviso, Italy

10:25 - 11:00 US assessment of the anal canal for faecal incontinence - Giulio A Santoro, Treviso, Italy

11:00 - 11:15 Questions

11:15 - 11:45 COFFEE BREAK

11:45 - 12:00 US assessment of anorectal fistulas - Giulio A Santoro, Treviso, Italy

12:00 - 12:45 Some clinical examples (faecal incontinence) & questions - Dr Mark Scott, London, UK

12.45 - 13:00 Questions

13:00 - 14:00 LUNCH

14:00 - 14:30 US assessment of obstructed defecation and pelvic organ prolapse - Giulio A Santoro, Treviso, Italy

14:30 - 15:00 Understanding defecating proctogram - Gonzalo Hagerman, Mexico City, Mexico

15:00 - 15:30 Normal MRI pelvic floor imaging - Suzanne Ryan, London, UK

15:30 - 16:00 MRI assessment for obstructed defecation and pelvic organ prolapse - Suzanne Ryan, London, UK

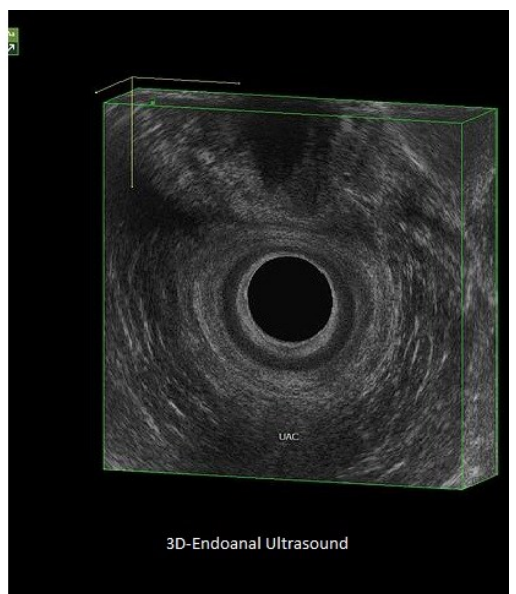

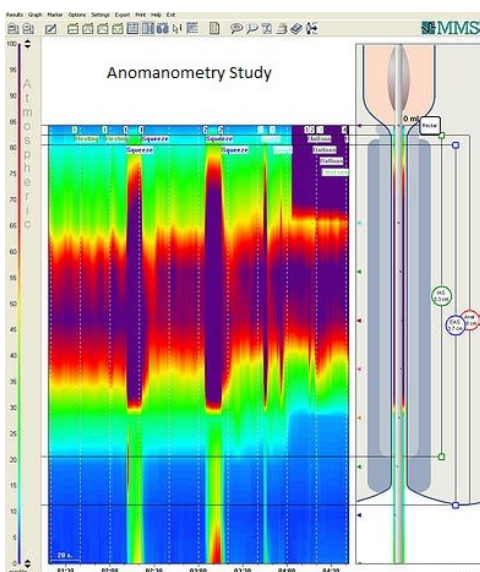

16:00 - 16:30 Some clinical examples & questions - Gonzalo Hagerman, Mexico City, Mexico

16:30 - Finish

REGISTRATION FEES

Early Bird Workshop Fee to 7th October 2019.

Consultant application £115.00. Non-Consultant Application £75.00

ABDOMINAL WALL SURGERY – FROM SIMPLE TO COMPLEX

WEDNESDAY 18TH DECEMBER 2019

08.15 - 09:00 REGISTRATION

09:00 - 09:10 WELCOME - Pasquale Giordano, London, UK

SESSION 1: ABDOMINAL WALL SESSION I – THE BASICS TO GET IT RIGHT

09:10 - 09:30 Overview of the abdominal wall anatomy – Peter Abrahams, London, UK

09:30 - 09:45 Mesh choices – From synthetic to biologics: clinical indications and evidence - Pasquale Giordano, London, UK

09:45 - 10:00 Laparoscopic incisional hernia repair - Avril Chang, London, UK

10:00 - 10:15 Minimally invasive repair of midline hernias. MILOS and beyond - Alessandro Carrara, Trento, Italy

10:15 - 10:30 Questions

10:30 - 11:00 COFFEE BREAK

SESSION II: ABDOMINAL WALL - WHEN THE GOING GETS TOUGH

11:00 - 11:15 Optimising the difficult ones: patient selection and preoperative optimisation - Janindra Warusavitarne, London, UK

11:15 - 11:30 Rives-Stoppa technique the way it should be done - Ben Griffiths Newcastle, UK

11:30 - 11:45 Component separation techniques: from Anterior to Posterior to Transversus abdominis release (TAR), how and when - Pasquale Giordano, London, UK

11:45 - 12:00 Guest Lecturer from USA - *tbc*

12:00 - 12:15 Questions

12:15 - 12:30 Parastomal Hernia Repair - Ben Griffiths, Newcastle UK

12:30 - 12:45 Managing the open abdomen - Janindra Warusavitarne, London, UK / PG

12:45 - 13:00 What to do when things do not get together - Parviz Sadigh, London, UK

13:00 - 13:15 Questions

13:00 - 14:00 LUNCH

14:00 - 15:00 **SESSION III: SPONSOR'S SESSION**

Programme tbc

SESSION IV VIDEO SESSION 'HOW I DO IT'

15:00 - 16:30

MILOS – Alessandro Carrara, Trento, Italy

Laparoscopic Sugarbaker for parastomal hernia – Pasquale Giordano, London, UK

Posterior compartment separation & TAR – Pasquale Giordano, London, UK

+ others

16:30 - FINISH

REGISTRATION FEES

Early Bird Workshop Fee to 7th October 2019.

Consultant application £115.00. Non-Consultant Application £75.00
