Featuring:

- Latest Reviews on Robotic and Laparoscopic Surgery for Colorectal Cancer
- Live Operating
- Video Tutorials
- and many more

Dear Colleagues,

On behalf of the Colorectal Team at Portsmouth Hospitals University NHS Trust, it is my pleasure to invite you to attend the 7th Portsmouth Colorectal Congress. This annual event will focus on the controversies, principles, and applications of TME and CME surgeries for rectal and colon cancer. State-of-the-art lectures from world-renowned experts will be followed by operating surgeries displayed live at the congress describing these surgical techniques. The surgical techniques will be shown through both the laparoscopic and robotic approach. The congress will be followed by hands-on courses on both laparoscopic and robotic platforms. We hope you will join us and enjoy your stay in Portsmouth.

*Yours faithfully,
Prof Jim Khan
Convenor PC2023*
